The Difference

At F. Scott Kenedy Photography, each client is given the utmost care and service. The foundation of our studio is to develop lasting relationships with each and every client. We focus on creating artistically unique images that are timeless and reflect the special qualities of each of our families. We don't sacrifice quality. It is your image, it is your choice. We invite you to experience the difference an artist makes.

*Families Change,
Children Grow,
Our Portraits
Are Forever*

What to Wear

- * Wear what makes you and your family most comfortable.
- * Avoid busy patterns and big logos that will take away from your face.
- * You are welcome to bring more than one change of clothes, although we may not have time to use them all.
- * For a traditional, cohesive look, your family could wear matching white shirts with khakis or black shirts with khakis.
